## Perio Presentation - The Gummy Smile

Macomb Dental Society kicked off it's 2023-2024 meeting year on September 27, 2023 with our very own internationally recognized periodontist Dr. Bassam Kinaia, and his associate periodontist Dr. Dahlia Hasso. The doctors practice in Sterling Heights at Michigan Periodontics and Implants. Dr. Kinaia is Associate Director of the Graduate Periodontology Specialty Program at University of Detroit Mercy and the Director of the Michigan Periodontal Association. He is additionally a Diplomate of the American Academy of Periodontology and International Congress of Oral Implantology.

Ninety-two attendees ranging from dental specialists, generalists, and hygienists gathered at Andiamos as a team to learn treatment modalities for "Gummy Smiles." Beautifully documented and photographed cases were shared. Classifications of "Gummy Smile" patients were reviewed. Dental teams can feel confident discussing treatment options concerning high smile lines thanks to Drs. Kinaia and Hasso.

A very special thank you to Drs. Kinaia and Hasso for sharing their gift of teaching with Macomb Dental Society. An additional thank you to our generous sponsors who helped make this General Meeting possible - Assured Technology Services, Premier Dental Refining, and Nemes Rush Family Wealth Management.

We are looking forward to seeing you at our General Meeting on **Wednesday, December 6, 2023** with Board Certified Orthodontist Dr. Maureen Kuhta speaking on "Airway 101: Recognizing Pediatric Airway Deficiencies and Treatment Options." Please visit Macomb Dental Society's Events Calendar on our website to register for this meeting and our other great events.
