# **Do you know what the dentist does for our teeth?**

He cleans our teeth to make them  
look and feel better.

He looks at our teeth to see if there  
are any cavities.

The dentist will fill the cavities he  
finds to keep the tooth well.

He takes pictures of our teeth with  
an X-ray so that he can see inside  
them.

The dentist will show us how to brush  
our teeth.
