About the ADA Foundation

As dentistry's premier philanthropic and charitable organization, the ADA Foundation is a catalyst for uniting people and organizations to make a difference through better oral health. In 2014, the ADA Foundation provided more than \$1,335,000 in grants, scholarships, and awards to programs that are in alignment with the organization's four mission pillars: Charitable Assistance, Access to Care, Research, and Education (C.A.R.E.).
