**American Dental Association Releases *A Dentist's Guide to the Law: 228 Things Every Dentist Should Know***

**CHICAGO, Oct. 9, 2015** — Available now from the ADA is [\*A Dentist's Guide to the Law: 228 Things Every Dentist Should Know\*](#). Written by the ADA Legal Division, this guide offers concise explanations to common legal issues in the dental practice. ADA member price is \$59.95 and retail price is \$89.95. The publication is also available as an e-book.

[\*A Dentist's Guide to the Law\*](#) is based on questions received by the ADA Legal Division over the years from ADA member dentists. Topics include patient dismissals, managing online reviews, marketing, the Americans with Disability Act, hiring and terminating employees and dealing with service animals.

"*A Dentist's Guide to the Law* is the best source of practical legal and risk management information for dentists that I have ever seen, said David J. Owsiany, executive director of the Ohio Dental Association. "Every dental office should have a copy."

Most topics are addressed in one-page summaries to make finding information quick and easy for busy dental professionals. The publication is designed to provide more detailed information to save readers a phone call to their attorney and better help them understand specific legal concerns that affect their daily practice lives.

[\*A Dentist's Guide to the Law\*](#) can be ordered at [adacatalog.org](http://adacatalog.org) or by calling the ADA Member Service Center at 1-800-947-4746.

###

**About the American Dental Association**

The not-for-profit ADA is the nation's largest dental association, representing more than 158,000 dentist members. The premier source of oral health information, the ADA has advocated for the public's health and promoted the art and science of dentistry since 1859. The ADA's state-of-the-art research facilities develop and test dental products and materials that have advanced the practice of dentistry and made the patient experience more positive. The ADA Seal of Acceptance long has been a valuable and respected guide to consumer dental care products. The monthly *The Journal of the American Dental Association* (JADA) is the ADA's flagship publication and the best-read scientific journal in dentistry. For more information about the ADA, visit [ada.org](http://ada.org). For more information on oral health, including prevention, care and treatment of dental disease, visit the ADA's consumer website [MouthHealthy.org](http://MouthHealthy.org).
