FIVE SPECIAL EVENTS TO PRECEDE ADA ANNUAL SESSION IN ATLANTIC CITY

Five special events have been scheduled for Saturday, Oct. 12 in Atlantic City, two days prior to the opening of the ADA's 104th annual session. A National Conference on Dental Health Education will be held from 9 a.m. to 4:30 p.m. in the Viking Theater of Haddon Hall. Effective methods of communication for use in dental health education and the effectiveness of radio and television programs will be discussed. Among speakers will be Victor M. Ratner, New York City, well-known lecturer on communications, William N. Kirshner, Chicago, formerly director of educational television station WKER, Michigan State University and network director of NBC-TV Chicago, John L. Remington, Rochester, N.Y., public relations consultant, and Dr. Simon McNeely, Washington, D.C., nationally known educator. The conference will be sponsored by the ADA Bureau of Dental Health Education in cooperation with the American Association of Public Health Dentists.

The Fifth National Dental Civil Defense Conference will be held from 9 a.m. to noon in the Music Room of the Chalfonte Hotel. The meeting will be sponsored by the ADA Council on Federal Dental Services and attendance will be open to all ADA members and registered guests.

The ADA Council on Dental Trade and Laboratory Relations will conduct an all-day program for dental laboratory technicians at the Ritz-Carlton Hotel. The new ADA film, "A report on bootleg dentistry," will be shown. Admission will be limited to certified dental laboratory technicians, technicians employed by licensed dentists and laboratory owners who are members of the

ADA TV Network Plans Varied Program

A wide scope of subjects ranging from the latest techniques in operative dentistry to a report on the new ADA headquarters building will be among program highlights of the "ADA TV Network" at the 104th annual session. The ADA TV Network will be sponsored by the Colgate-Palmolive Company and Wyeth Laboratories. Actual operation of the network will be carried out by Professional Closed-Circuit TV of New York. Other program highlights will include a filmed tour of the ADA Central Office and a progress report on fluoridation.

ADA, CDA Officials Meet Sept. 6-7

Dental service plans and fluoridation will be among topics of mutual interest to be discussed at a joint meeting of the ADA's Board of Trustees and the Executive Council of the Canadian Dental Association Sept. 6-7 in the ADA's Central Office in Chicago. A similar joint meeting was held at the CDA's Central Office in Toronto in 1960.

ADA Commends Sen. Hill

The Board of Trustees has adopted a resolution commending Sen. Lister Hill (D.-Ala.) for "his 40 years of service in Congress, much of it devoted to enhancement of the nation's health care and health research activities." Sen. Hill is an honorary member of the Association.

Dr. James P. Hollers, right, ADA president-elect, congratulates Sen. Lister Hill (D.-Ala.) on his 40th anniversary of service in Congress. Dr. Hollers testified before Sen. Hill's Committee during hearings on H.R. 12.

ADA Testifies At H.R. 12 Senate Hearing

Immediate action on H.R. 12, the dental and medical schools aid bill, was urged by Dr. James P. Hollers, ADA president-elect, and Dr. Harry Lyons, president of the American Association of Dental Schools. Both testified at a hearing before the Senate Subcommittee on Labor and Welfare. The bill was passed by the House of Representatives April 24 by a vote of 288 to 122. Dr. Hollers was accompanied by Dr. Lester W. Burket, dean of the University of Pennsylvania School of Dentistry and Dr. John B. Wilson, a member of the ADA Council on Legislation. Dr. Lyons was accompanied by Dr. Joseph F. Volker, former dean of the University of Alabama School of Dentistry and currently vice-president of health affairs for the University.

Dr. Fox Dean Of New Conn. Dental School

Dr. Lewis Fox, professor of periodontology, Boston University School of Medicine, has been appointed first dean of the University of Connecticut Dental School which will be built at Storrs, Conn. Dr. Fox was previously on the staffs of the University of Pennsylvania Graduate School of Medicine and Columbia University School of Dental and Oral Surgery.

FDA Offers New Drug Listings

New drugs approved as safe and effective under the Federal Food, Drug and Cosmetic Act as amended by the new Kefauver-Harris Law are being listed periodically and published by the Food and Drug Administration of the U.S. Dept. of Health, Education and Welfare. The listings are for the information of the medical and dental professions, veterinarians, and pharmacists, but are not intended to advise the professions or the public about the use of the drugs. For the latter purpose, manufacturers are required to place in packages of prescription drugs an insert giving full details about the drugs, indications for use, dosage, any side effects and hazards, and similar information. Upon written request, the manufacturer must send a copy of this information to any practitioner who is licensed to administer the drug. Reprints of future new drug listings are available from the Division of Public Information, Food and Drug Administration, Washington 25, D.C.
